## The Daily Energy Routine

The following simple techniques can benefit nearly anyone living in the stress-producing, polluted, nature-alien, energy-scrambling environments that mark our technological progress. I also suggest that you combine these methods into a “daily energy routine,” and that you use it every day. The daily routine builds positive habits into your energy field. The techniques are simple yet potent, and they are cumulative.

### *Improve your well-being in under 10 minutes a day!*

This is a list of the techniques with the estimated times it takes to do each. The time invested is minimal - the benefits received great.

It may be beneficial to do this routine more than once a day. You can also do the individual exercises as you feel the need.

<i>Technique</i>	<i>Approximate Time</i>
<b>The Three Thumps</b>	<b>Less than a minute</b>
<b>The Cross Crawl</b>	<b>Less than thirty seconds</b>
<b>The Wayne Cook Posture</b>	<b>One to two minutes</b>
<b>The Crown Pull</b>	<b>Less than thirty seconds</b>
<b>Neurolymphatic Massage</b>	<b>One to two minutes</b>
<b>Connecting Heaven and Earth</b>	<b>One to two minutes</b>
<b>The Celtic Weave</b>	<b>One to two minutes</b>
<b>The Hook Up/Zip Up</b>	<b>Less than a minute</b>

## The Three Thumps

*Boosts and restores energy, increases strength and vitality, and strengthens the immune system.*

1. Use several fingers or knuckles to tap the spots shown in the pictures. Tap vigorously on each set of spots. Focus on breathing in through your nose and out through your mouth during all the tapping.
2. To locate K-27 points place your fingers on your collarbone and move them inward towards the U-shaped notch at the top of your breastbone. Move your fingers to the bottom of the U and then move down and out about an inch to find the spots. Tap or massage for ten to fifteen seconds.
3. Place the fingers of either or both hands in the center of your sternum at the thymus gland. Tap there for fifteen to twenty seconds with your fingers or your knuckles.
4. Tap the neurolymphatic spleen points, beneath the breasts and down one rib, for fifteen seconds. Alternately, tap the spleen acupuncture points, located on the side of the body about four inches down from the arm pits, for fifteen seconds. If either set is more tender use these points in the future.

## The Cross Crawl

*Balances and harmonizes energy, improves coordination, clears thinking.*

1. While standing, seated or lying down, lift your right arm and left leg simultaneously.
2. As you let them down, raise your left arm and right leg.
3. Repeat, this time exaggerating the lift of your leg and the swing of your arm across the midline to the opposite side of your body.
3. If you can, twist so that your elbow touches your opposite knee.
4. Continue this exaggerated march for at least a minute, again breathing deeply in

If doing The Cross Crawl tires you or leaves you feeling uncoordinated, do the Homolateral Crossover.

If you are unable to do this for any reason, here is an alternative. While sitting lift one knee and touch it with the opposite hand. Then lift and touch the other knee.

## Wayne Cook Posture

*Focuses mind. Allows you to untangle inner chaos, see with better perspective, think more clearly, learn more proficiently.*

1. Sit with your spine straight. Place your left foot over your right knee. Hold your left ankle with your right hand and the bottom of your left foot with your left hand.
2. Breathe in slowly through your nose, letting the breath lift your body, while stretching your leg toward you. Exhale slowly through your mouth, relaxing your body. Repeat four or five times.
3. Switch to the other foot and repeat this entire process.
4. Uncross your legs and “steeple” your fingertips, resting your thumbs just above the bridge of your nose. Breathe slowly in through your nose and out through your mouth

three or four times. On exhale, separate your thumb slowly stretching your skin on your forehead. Slowly bring your hands down in front of you. Surrender into your own breathing.

## The Crown Pull

*Relieves mental congestion and headaches, clears and refreshes the mind, sharpens memory, opens the crown chakra to higher inspiration.*

1. Place your thumbs at your temples and your fingertips resting at the middle of your forehead.
2. Slowly, with pressure, pull your fingers apart to the hairline stretching the skin above your eyebrows.
3. Place your fingers at the hairline and repeat the stretch.
4. Repeat this pattern starting at the top, center and back of your head. Continue all the way back and down until you reach the base of your neck. Use pressure as you pull.
5. Move down to your shoulders and push your fingers in and hold. Then pull across your shoulders towards the front. Hold your hands there until it feels right, then release and drop your hands/arms.

## Neurolymphatic Massage

*Energizes, sends toxins to your body's waste removal system. Clears stagnant energies from the body.*

Massage a subset of the points shown in this figure using firm pressure while moving the skin up and down or with a circular motion. Massage each point for about five seconds. Alternate each day so that you get through all of the points every few days.

Work tender points for several extra seconds. The tenderness may not go away immediately, but you are clearing the congestion.

Neurolymphatic massage is great to do on a daily basis. You will feel a difference.

One important note: Neurolymphatic massage helps clear toxins. If you have a lot of toxins in your system you may experience some nausea from this technique as the toxins are released from your bloodstream into the system. This is not harmful, but you may want to proceed more slowly in future sessions.

## Connecting Heaven and Earth

*Opens the meridians, expels toxic energies, and stimulates fresh energy to flow through the joints.*

1. Start with your hands on your thighs, fingers spread.
2. Inhale through your nose, circle your arms out, and bring your hands together in prayer position. Exhale through your mouth.
3. Inhaling through your nose, stretch one arm up and one down, pushing with your palms. Hold, exhale through your mouth, and return to the prayer position. Repeat switching arms. Do this twice for each arm.
4. Drop your arms down, fold your body forward at the waist, and relax with your knees slightly bent. Take two deep breaths before slowly returning to a standing position.

## The Celtic Weave

*Pulses your auric energies outward and strengthens them. Connects all your energies together so they operate as a single web.*

1. Stand tall, hands on thighs. Breathe deeply, in through the nose and out through the mouth throughout.
2. Rub hands together, shake them off, face palms, and try to feel the energy between them. Rub and shake again, place palms close to ears and take a deep breath.
3. Inhale and bring your elbows together. Exhale, cross your arms and swing them out to the side.
4. Cross and swing them out again. Bend forward, repeat and cross arms over upper legs.
5. Swing out again, in front of ankles. Bend knees, turn palms forward, scoop up energy, stand, and pour that energy all over your body.

## The Hook Up

*Gets strange flows moving, strengthens auric field, and leaves you feeling whole again. Calms, helps you feel connected.*

1. Place the middle finger of one hand on the “third eye” (between the eyebrows above the bridge of the nose).
2. Place the middle finger of the other hand in the navel.
2. Gently press each finger into the skin and it pull upwards. Hold for twelve to thirty seconds.
3. You can hold it longer if you like.
4. Often you will experience a deep sigh and/or yawn. This shows your energies have hooked up.

## The Zip Up

*Boosts confidence, clears your thoughts, protects you from negative energies that may be around you.*

1. Place your hand at the bottom end of the central meridian - at your pubic bone.
2. Take a deep breath in as you move your hands, slowly and deliberately, straight up the center of your body to your lower lip.
3. Continue upward, bringing your hands past your lips and exuberantly raising them into the sky. Circle your arms back to your pelvis.
4. Repeat three times.
5. Zip up this meridian as often as you like.
